WOMEN'S HEALTH & CANCER RIGHTS ACT

On October 21, 1998, the Women's Health and Cancer Rights Act of 1998 was signed into law. The following information explains the most important provisions of the Act. Please review this information carefully. If your spouse is covered under the Dahl Consulting Group Health Plan, please make sure that he/she also has the opportunity to review this information.

The Women's Health and Cancer Rights Act of 1998 requires that all group health plans providing medical and surgical benefits for a mastectomy must also provide coverage for:

- (a) reconstruction of the breast on which the mastectomy has been performed; and (b) surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- (c) prosthesis and physical complications in all stages of mastectomy including lymphedamus.

The Act requires that coverage be provided in a manner consistent with other benefits provided under the plan and may be subject to annual deductibles and co-insurance provisions.

In addition, the Women's Health and Cancer Rights Act of 1998 prohibits any group health plan from:

- a) discriminating against a plan participant/beneficiary or failing to renew a group health plan in order to avoid the requirements of the Act;
- b) penalizing, reducing or limiting reimbursement of the attending provider (e.g. doctor, hospital) to induce the provider to provide care inconsistent with the Act;
- c) providing incentives (monetary or otherwise) to an attending provider to induce the provider to provide care inconsistent with the Act.

The Women's Health and Cancer Rights Act of 1998 applies to your group coverage. Please keep this information with your other group health plan documents.

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

If you are a participant in the Health Plan(s) Subject to HIPAA sponsored by Dalco Enterprises (“The Plan”), The Plan is subject to a Federal Law called The Health Insurance Portability and Accountability Act of 1996 (“HIPAA”). HIPAA requires that The Plan take certain steps to maintain the privacy of certain information about you, called “protected health information” (PHI). PHI is health and plan related information that identifies you.

This notice describes how your PHI is used to administer the plan, and the rights you have under the law. The Plan may hire another organization, called a Business Associate, to provide administrative services to the plan. If this is the case, The Plan will require that organization to comply with an agreement that requires the business associate to also protect your PHI.

Uses and Disclosures of Your PHI

1. Uses and disclosures for Payment and Plan Operations

HIPAA allows for the use of your PHI for treatment, payment and health care operation purposes. The Plan does not provide treatment, but does use your information for a number of the allowed payment and operation purposes.

- a) Payment includes activities such as actions to make coverage determinations and the payment of claims submitted by you. Other payment activities The Plan may engage in include, but are not limited to, billing, claims management and collection activities. An example of a payment use would be when The Plan reviews medical information from a doctor to determine if a claim is for a covered service.
- b) Health care operations include, but are not limited to, underwriting, legal services, auditing functions including fraud and abuse compliance programs, and business planning and management. For example, The Plan may use information about your claims to audit the accuracy of our claims processing functions.

In addition, The Plan may use or disclose PHI to the employer that acts as the plan sponsor, for allowable plan administration functions.

2. Other uses and disclosures, which are allowed by HIPAA.

HIPAA allows The Plan to use and disclose your PHI for a number of other reasons. It is important that you are informed of other possible uses and disclosures, even though they may never apply to The Plan’s use of your PHI.

- a) When required by federal, state or local law, judicial proceedings, or by law enforcement.
For example, your PHI may be disclosed in response to a court order.
- b) When permitted for purposes of public health activities or when required for health oversight activities. For example, The Plan could provide information to assist a government investigation of a health care provider or organization.
- c) For purposes of organ donation.
- d) In some cases, The Plan may use or disclose PHI to prevent or lessen a threat to the health or safety of a person or the public, or for national security purposes.
- e) To the extent necessary to comply with workers’ compensation or other similar programs established by law.
- f) Use and disclosure of your PHI may be required by the Secretary of Health and Human Services to determine The Plan’s compliance with HIPAA.

3. Uses and disclosures that require your written authorization.

The Plan will not use or disclose PHI for reasons other than those defined in sections A and B unless the individual who is the subject of the information provides a valid written authorization to do so. Individuals have a right to revoke an authorization at any time by contacting the office listed at the end of this notice.

A written authorization generally will be obtained before The Plan will use or disclose psychotherapy notes. Psychotherapy notes are separately filed notes about your conversations with your mental health professional during a counseling session. They do not include summary information about your mental health treatment.

4. Uses and disclosures that require you to be given an opportunity to agree or disagree. The Plan will disclose your PHI to family members, other relatives and friends when you are present and have either verbally agreed to the disclosure, or have been given an opportunity to object, and the information is directly relevant to the family or friend's involvement with your care or payment for that care.

Rights of Individuals

Right to Request Restrictions on PHI Uses and Disclosures

You may request that The Plan restrict certain uses and disclosures of your PHI. Restriction of the use of PHI could affect our ability to pay claims. The Plan will attempt to honor reasonable requests but HIPAA does not require us to agree to these restrictions.

Right to Request Confidential Communications

You may also request that The Plan send communications to you by alternative means or at alternative locations. For example, if you feel you would be harmed if we send information to your current mailing address, you could request that we send information to another address. You may be required to make certain requests in writing. Requests for restrictions or confidential communications should be made to The Plan contact listed at the end of this notice.

Rights to Inspect and Copy PHI

You have a right to inspect and obtain a copy of your PHI contained in what is called the "designated record set". "Designated Record Set" includes certain enrollment, payment, billing, claims medical management record systems maintained by The Plan, and other information used in whole or in part to make decisions about you. The Plan is allowed to charge a reasonable fee to supply this information. You must request access or copies of records in writing. Requests should be made to The Plan contact listed at the end of this notice.

The requested information will be provided within 30 days of your written request if the information is maintained on site or within 60 days if the information is maintained offsite. A single 30-day extension is allowed if The Plan is unable to comply with the deadline. In certain cases we are allowed to deny your request. If access is denied, you will be provided with a written denial setting forth the basis for the denial, and a description of how you may appeal the denial.

Right to Amend PHI

You have the right to request The Plan to amend your PHI or a record about you in a designated record set for as long as the PHI is maintained in the designated record set.

The Plan has 60 days after your written request to act on the request. A single 30-day extension is allowed if The Plan is unable to comply with the deadline. If the request is denied in whole or part, The Plan must provide you with a written denial that explains the basis for the denial.

Requests for amendment of PHI in a designated record set should be made to The Plan contact listed at the end of this notice.

The Right to Receive an Accounting of PHI Disclosures

At your request, The Plan will also provide you with an accounting of certain disclosures of your PHI by The Plan during the six years prior to the date of your request. Such accounting will not include PHI disclosures made: (1) to carry out treatment, payment or health care operations; (2) to individuals about their own PHI; (3) for reasons involving national security, to corrections or law enforcement personnel; (4) prior to the compliance date; or (5) disclosures made subject to a valid authorization provided by you.

If the accounting cannot be provided within 60 days, an additional 30 days is allowed if you are given a written statement of the reasons for the delay and the date by which the accounting will be provided. If you request more than one accounting within a 12-month period, The Plan will charge a reasonable, cost-based fee for each subsequent accounting.

Personal Representatives

You may exercise your rights through a personal representative. Your personal representative may be required to produce evidence of his/her authority to act on your behalf before that person will be given access to your PHI or allowed to take any action for you.

The Plan retains discretion to deny access to your PHI to a personal representative to provide protection to those vulnerable people who depend on others to exercise their rights under these rules and who may be subject to abuse or neglect. This also applies to personal representatives of minors.

The Plan's Duties

The Plan is required by law to maintain the privacy of PHI and to provide individuals (participants and beneficiaries) with notice of its legal duties and privacy practices. The Plan is also required to abide by the terms of this notice.

If a Plan's privacy practice is changed, a revised version of this notice will be mailed to individuals for whom the Plan still maintains PHI within 60 days of the effective date of any material change to the uses and disclosures, the individual's rights, the duties of The Plan or other privacy practices stated in this notice.

Contact Information and Your Right to File a Complaint

If you believe that your privacy rights have been violated, you may complain to The Plan in care of the Plan contact listed below. The Plan will not retaliate against you for filing a complaint.

You may also file a complaint with the Secretary of the U.S. Department of Health and Human Services, at the regional office that handles your area. You can get information on DHHS regional offices and how to file a complaint at <http://www.hhs.gov/ocr/privacy/hipaa/understanding/> by calling 1-800-368-1019.

We reserve the right to change the terms of this notice and our privacy policies at any time. For questions regarding this notice or to request a copy of this notice contact your company Privacy Officer at:

HIPAA SPECIAL ENROLLMENT NOTICE

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires us to inform you of your rights to special enrollment under the [Dahl Consulting](#) Group Health Plan if you acquire a new dependent, or you and/or your eligible dependent(s) decline coverage under this plan because of alternate coverage and later lose such coverage due to certain qualifying reasons. In addition, effective April 1, 2009, a special enrollment right also applies upon gaining or losing eligibility under a state's Medicaid plan or children's health insurance program, as described below.

HIPAA Notice of Special Enrollment:

If you are declining enrollment for yourself and/or your dependents (including your spouse) in the [Dahl Consulting](#) Group Health Plan because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in the [Dahl Consulting](#) sponsored Plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards you or your dependents' other coverage). However you must request enrollment within 30 days after you or your dependents' other coverage ends (or after the employer stops contributing towards the other coverage).

In addition, if you acquire a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your dependents in the [Dahl Consulting](#) Group Health Plan provided that you request enrollment within 30 days after the marriage, birth, adoption or placement for adoption.

CHIPRA Notice of Special Enrollment:

The Children's Health Insurance Reauthorization Act (CHIPRA) requires that, effective April 1, 2009, group health plans allow you and your dependents to enroll in the employer's plan if either you or a dependent loses coverage under the State Children's Health Insurance Plan; or loses coverage under the Medicaid program; or becomes eligible for a premium assistance subsidy. However, you must request enrollment in these circumstances within 60 days after the loss of coverage or eligibility for premium assistance.

If you have any questions, please contact Leah Goad at 651-256-7437 or leah@dahlconsulting.com .

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2016. Contact your State for more information on eligibility –
